An Old Adage Reads:

"There is a place for everything" Now for everything to be in its place. The Louisville Dispatch should be in the home of every Democrat in the South. The Dispatch is the people's paper, owned by the people and read by the people. The Dispatch is the only Democratic paper published in Louisville. It stands squarely on the Chicago platform. It is not only in a flourishing condition after eighteen months battling against adverse circumstances, but is to-day the best medium in the South. And its motto—If you see it in the Dispatch it's so; If it's so it is always in the Dispatch, has been fully verified during the American-Spanish war, during which the superiority of its news service has been daily apparent.

The Dispatch news service is furnished by the New York Sun, the Chicago Inter-Ocean, the Northern Press Association and the Leslie Syndicate with an active salaried correspondent in every important city in the world, besides its own staff of over 200 correspondents in Kentucky, Tennessee and Indiana. Get the Dispatch, it gives the news, and tells the truth about it.

The Dispatch is Kentucky's greatest paper. You should be a reader. For the next few weeks we will club with the Weekly Dispatch at the extremely low price of 25 cts.

The Pops continue to show their inability to do things right. In Floyd county, Indiana they indorsed Hobson for president of the United States.

"Time is money," exclaims an impetuous business man. That may be true; yet it is a generally admitted fact that it requires a considerable amount of money in order to have a "good time."

The man who blindly condemns and wantonly impugns the motives of another holds up to the public pity his own narrow, selfish soul, which is generally too small to be noticed.—Exchange.

Mr. Oscar Turner was nominated for Congress at Louisville by the Democrats of that city. They indorsed Bryan for President and the Chicago platform. The Courier-Journal and the Evening Times are both supporting him. An exchange sums the cause for their supporting him as follows: The Courier-Journal refused to swallow Bryan on a free-silver platform, but swallows young Mister Turner on the same platform. But then the Courier-Journal is hungrier now, and besides the campaign fund of the Jeffersonian Democracy has been used up in expenses, legitimate and otherwise.

The following taken from the Henderson, Tenn. Gazette is applicable to one or two persons of this community, who a short time ago stopped their paper because the editor personally refused to do what they thought he should do: Remember that when you subscribe for a paper and pay \$1.00 for it you only buy 52 copies of the 39,000 (average yearly number issued by country weeklies) and not the entire control of the editor nor the management of his paper, and that he should see fit to indorse a different movement from

the one you may choose that you are not entitled to have him tarred and feathered and ridden out of town on a greasy rail.

When a man gains honor through the influence of friends he must ever be careful and cautious or his friends will grow tired of worshiping an idol that is undeserving.

Gov. Bradley has shown a humane act toward our soldier boys and deserves credit for it. He has determined to bring all the Kentucky soldiers home who are sick, no matter where they are. He will send special cars for the sick soldiers at Montauk Point and Fort McPherson, Ga. as soon as the number that are sick at these places can be ascertained.

Weather Prophecies.

Clel Bardsley, a Lawrence county weather prophet, predicts the first snow will fall the last week in November, and frost will fall six weeks earlier. He says the peach switches indicate an early winter.

With nice weather in the first three weeks, followed by fourteen snows, three or four of them deep gulch levelers. He says the moon for three months has portended dry weather during October, with a long spell of Indian summer following close behind the short drouth. Watch this prophecy.

Good Enough to Take.

The finest quality of loaf sugar is used in the manufacture of Chamberlain's Cough Remedy

and the roots used in its preparation give it a flavor similar to that of maple syrup, making it very pleasant to take. As a medicine for the cure of coughs, colds,

laryngeal, croup and whooping cough it is unequalled by any other.

It always cures, and cures quickly. For sale by J. W. Dawson & Bro., Spoutspring, Ky.

We notice one thing lately at church which we very much dislike to see, that is the poor singing. We know that there are persons in this community

who attend church that can sing, but never sing at church.

It has been but a short time since we went to church and as we passed a neighbor's house

we heard a number of voices joined together in singing, and an organist was doing herself credit. All of this crowd went to church that night, and not a one of their voices was heard to sing there, and the singing was devolved upon two or three willing souls, but very poor singers.

Not the Wisest Way.

It is not always best to wait until it is needed before buying a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Quite frequently the remedy is required in the very busiest season or in the night and much inconvenience and suffering must be borne before it can be obtained. It costs but a trifle as compared with its real worth and every family can well afford to keep it in their home. It is everywhere acknowledged to be the most successful medicine in the world for bowel complaints. For sale by J. W. Dawson & Bro., Spoutspring, Ky.

Forger's Game Blocked.

A Wednesday's special from Richmond says: A bold attempt at forgery was nipped in the bud here today. The Farmers' National Bank of this city received from Beattyville checks amounting to \$2,500, signed by "Jonah Wagers," the merchant prince of Wagersville, Estill county, and drawn in favor of "Breck Bock."

The checks were pinned to a letter directing that the money be sent to Brock at Beattyville.

Fortunately, Mr. Wagers happened to be here, visiting his brother-in-law, Mr. J. S. Gosby, and dropped in at the bank, when Cashier Sam Parkes showed the checks just received to him. They had not been cashed up to that time. They were at once pronounced forgeries by Mr. Wagers, but in order to entrap the would-be-swindler he ordered a bogus package expressed to Bock, at the same time notifying the officers to look out.

At noon today a telegram was received saying Bock had been arrested at the express office, where he went to secure the money.

Mr. Wagers and his brother-in-law left at once for Beattyville to identify the forger.

Bock is thought to be a fictitious name, and the authorities believe they have nabbed the game, although there is no way of determining until they can see the man arrested under the name of Bock.

This is to certify that I have had chronic diarrhoea ever since the war. I got so weak I could hardly walk or do anything. One bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy cured me sound and well. J.R. Gibbs, Fincastle, Va.

Both Mr. Gibbs and Mr. Shaver are prominent farmers and reside near Fincastle, Va. They procured the remedy from Mr. W. E. Gasper, a druggist of that place, who is well acquainted with them and will vouch for the truth of their statement. For sale by J. W. Dawson & Bro.

"Uncle Bill" McCann, living near Vanceburg, has had another unfortunate matrimonial experience. He is now 82 years old. After living a widower for some time he married Mrs. Sallie Bird. She fell in love with the hired man. "Uncle Billy" became aware of the facts and agreed to get a divorce, which he did. His second wife then married the hired man, "Uncle Billy" footing the bills, and they all lived happily together. Last April "Uncle Billy" married Miss Grace Hill, yesterday, when he arose, he found a letter from his wife, saying she had ceased to love him and left. "Uncle Billy" has now lost all faith in "wimin."—Winchester Democrat.

Poor Man.

The editor of a Kansas contemporary thus breaks out, says an exchange: "Man that is born of woman is of few days and full of microbes. The moment he hits the earth he starts for the grave and the longer he travels the faster he goes. His visible reward for long days of labor and nights of walking the floor with a teething baby is an epitaph he can't read and a tombstone he doesn't want. In the first seven ages of man, he's licked, in the last he is neglected, and all the others he's a target of the lying, meddlesome mischief-maker. If he doesn't marry his first love he'll always wish he had, and if he does he'll wish he hadn't. Yet no man ever follows freedom's flag for patriotism (and a pension) with half the enthusiasm that he will trail the red, white and blue that constitutes the banner of a female beauty. He will brave the lion in his den face the booming cannon, tread the ocean foam beneath his feet, and yet will tremble like a half-frozen, egg-sucking dog when called to account by his wife for his cussedness. He goes forth in the morning to plow corn with a cross-eyed mule and a roan steer, works hard all day and comes home at night to find his seven half-clothed children hungry as bears and no bread in the house, and his wife over to one of his neighbors to borrow a hat to wear to a church social."

Richmond Court.

Yesterday was the biggest Court-day Richmond has had in many a day, both from a business standpoint and the number of people here. It was the opening of Circuit Court and County Court and the Congressional campaign, and all these served as drawing cards to increase the crowds. The merchants all report a good trade. At the cattle pens, there were between 3,000 and 3,500 cattle, the largest number seen here this year, and traders from a dozen different counties. The bulk of these changed hands, heifers bringing from 3 to 3½ cents; steers from 3½ to 4½ cents, and some few lots, which sold by the bunch, brought as high as 5c. There were about 2,000 sheep on the market, which sold at from 2½ to 3½ cts. Garuthers & Beard, of Lexington, bought several mules at \$50 to \$80. Pennsylvania parties purchased a car load of mule colts, paying from \$20 to \$30 per head. But few horses were offered.—Richmond Register.

"Wonderful Power of God."

At Mackville, Mercer county Sunday, Rev. Wm. Pen, pastor of the Methodist church, took as his subject "The Wonderful Power of God." When half through his sermon, lightning struck the house, knocked off the chimney, cracked the walls and ripped the floor, creating the greatest consternation. The house of worship was full of people who were terribly frightened.

Horrible If True.

A special from Richmond Monday says: Persons from Jackson county arriving here today report that Tom Coyle, son of Hardin Coyle, a well-known farmer of Madison county, was met on the road near Clover Bottom by Tim Lakes, John and Mote Mize, attacked Coyle with clubs and pistols and beat him to death after a desperate fight. Coyle's skull was crushed and his body thrown behind a log, where it was found later by a woman who saw the fight from a distance. The men who assaulted Coyle were drunk.
